Kiernan Shipka In **Miu Miu** – 2017 Emmy Awards

Kiernan Shipka attended the **2017 Emmy Awards** on Sunday (September 17) in LA.

She was the picture of charm in her **Miu Miu** embellished gown that maintained a girlie sense of gracefulness along with its ethereal, modern princess vibe.

This certainly isn't the first time that Kiernan has worn **Miu Miu**, as the starlet and the youthful, style-forward label often prove to be quite the effortless match—and, that was fully witnessed here.

Miu Miu shoes and a simply perfect ponytail finished out her delightful look.

Ana de Armas In **Miu Miu** – 'Blade Runner 2049' Berlin Screening

Bringing the flash of sequins to the light of day, Ana de Armas was at the Berlin screening of 'Blade Runner 2049' on Sunday (September 17).

Miu Miu will never be faulted for not using embellishment to its full advantage.

But the main issue I have with this high-shine look from the label is in its proportions.

The tunic top seemed to fall a bit too short on Ana whilst the trousers were too long—all of which created an awkward effect that didn't flatter as much as it could have.

Would you agree?
