## Beaming Maggie Gyllenhaal steps out sporting a bold red lip and demure vintage dress... after stripping off for explicit new show The Deuce

By MailOnline Reporter PUBLISHED: 11:36 GMT, 26 October 2017

She has been seen putting on a very revealing display in new TV drama The Deuce, that has courted controversy due to its explicit nature and full-frontal nudity. But cutting a much more demure figure as she stepped out in **New York** on Wednesday, Maggie Gyllenhaal looked just delightful in a pretty vintage-inspired dress.

Stunning: The actress, 39, headed out sporting a strikingly bold red lipstick across her lips and seemed in great spirits as she stopped by the The Daily Show With Trevor Noah

## *Margaret Qualley In Saloni & Miu Miu – Build Series & ‘Novitiate’ New York Screening*

For the ‘Novitiate’ New York screening, the actress went in the opposite direction wearing a black Miu Miu sweetheart neckline, bow accented embellished dress.

Miu Miu’s recent run outs have been heavily embellished, but this look sees a smattering colourful stones which were mesmerizing.

Simple and elegant.

## *Zoey Deutch In Miu Miu – ‘Molly’s Game’ Savannah Film Festival Screening*

Zoey Deutch attended the opening night screening of ‘Molly’s Game’ during the 20th Anniversary SCAD Savannah Film Festival on Saturday (October 28) in Savannah, Georgia.

Because of her fondness for black, her style is occasionally seen as edgy, however on this occasion in Miu Miu she was utterly charming.

I love the sweet, feminine cut of the dress, plus the shimmering embellishments.

Some might regard this as too twee for Zoey, but I like how this feels fresh and new for Zoey; because with this look she keeps in line with the label’s girly aesthetic.

## *End Of The Week Red Carpet Roundup*

There were so many looks this week, that we're going to cram them into this final post.

**Zoey Deutch:** Miu Miu doesn't shy away from the retro trend – and neither does Zoey in this printed suit for a fun twist to her red carpet style. Oozing with vintage appeal, brown platforms ensured the good times continued to roll at the Academy Nicholl Fellowships In Screenwriting Awards.
