C'est Elle

Sa carrière au cinéma est ininterrompue depuis sa première apparition à l'écran à tout juste 3 ans. Elle Fanning a tourné avec les plus grands réalisateurs, tout en collaborant avec les marques les plus prestigieuses, telle Miu Miu aujourd'hui. Rencontre avec une star à la bonne humeur communicative.

PHOTOGRAPHIE MATHIEU CÉSAR
STYLISTE VANESSA BELLU'GEON
TEXTE RAPHAËL CIOFFI

Elle Fanning, à peine âgée de 19 ans, a déjà plus de films à son actif qu'il y a d'années. À 3 ans, elle était déjà à l'affiche de *Sans, je suis Sans*, son premier long-métrage, aux côtés de Sean Penn et Michelle Pfeiffer; elle a tourné depuis avec les plus grands réalisateurs. La liste est vertigineuse: David Fincher, Alejandro González Iñárritu, JJ Abrams, bientôt Woody Allen, et, bien sûr, les Coppola, fille et père. Mais le plus surprenant n'est pas son agilité naturelle à alterner cinéma de genre, blockbusters et contrats avec des marques. La muse de notre époque, c'est Elle. Si 2017 était déjà l'année de la consécration – quatre films à l'affiche, un Festival de Cannes et deux contrats d'égérie, avec L'Oréal et Miu Miu –, 2018 devrait asseoir son aura sur le monde du cinéma et de la mode. Loin des clichés hollywoodiens de l'enfant star au destin chaotique, Elle Fanning marque par sa joie de vivre et sa spontanéité: elle rit de tout, tout le temps. Elle utilise même le rire comme une ponctuation, une virgule qui lui permettrait de mieux prendre au sérieux cette existence déjà si intense. Rencontre vivifiante, deux points entre les guillemets.

Vous êtes très jeune, mais votre carrière est déjà longue, vous sentez-vous parfois vieille ?

Elle Fanning: « Hou là ! Elle rit, n'abr. C'est vrai que j'ai commencé à jouer très tôt, ma sœur Dakota aussi, nous avons beaucoup arpenté les plateaux, entourées d'adultes. J'ai passé une grande partie de mon enfance à parler avec des personnes plus âgées que moi et je me sentais très bien avec elles. Donc je dirais oui, je me sens un peu vieille parfois (rires). Mais je me sens aussi comme une jeune fille de mon âge, surtout quand je pense à tout ce que je n'ai pas encore fait. »

Il paraît que vous mentez aux chauffeurs Uber ?

Oui (rires). J'ai mon permis, mais à Los Angeles j'ai un

Mia Goth

When you marry an American film star at a Las Vegas wedding chapel live on TMZ (with an Elvis impersonator doing the honours), let's face it, your life runs the risk of eclipsing your art. But Mia Goth – otherwise known as Mrs Shia LaBeouf – hasn't let being the better half of Hollywood's most delightfully eccentric couple entirely devour her career. After key roles in *Everest*, *Wallander* and *Nymphomaniac: Vol II*, the 23-year-old from Southwark is poised to become the queen of arthouse horror. In Luca Guadagnino's remake of *Suspense* she will play a ballerina at a haunted dance school, while in *Marrowbone* she's battling spirits after her mother's death. Finally, a work life more unusual than her domestic one.

If she could be any character in film history, who would it be? Instantly: "Shelley Duvall in *The Shining*." The best thing about being British? "The irony."

Opposite: fur coat, £11,580. Philosophy by Lorenzo Serafini. Silk and lace blouse, £1,590. Lanvin. Pearl and topaz earrings, £380. Butler & Wilson. This page: silk minidress with chiffon feathers, £5,050. Faux-pearl clip earrings, £275. Faux-pearl bracelet, £275. All Miu Miu

I might be a little overdressed for the route, but I'm wearing a coat and belt by Miu Miu, boots by Dior and Tiffany City HardWear ball hook earrings in 18k gold by Tiffany & Co. I love this new silvery backpack by Eastpak."

*Florence Pugh In **Miu Miu** – British Independent Film Awards 2017*

The **British Independent Film Awards** took place on Sunday (December 10) on Old Billingsgate in London, with Florence Pugh in attendance.

I've never been shy about expressing my feelings about **Miu Miu** red carpet gowns, but this bronzed-gold tulle gown ticks all the right boxes from the fabric to the gentle smattering of embellishments.

I love how the fairytale nature is tempered by the smoldering eye makeup. I almost wouldn't be surprised if she was wearing chunky boot under her gown, as I sense a shimmering rebellious vibe here.

Diane Kruger swaps her edgy all-black ensemble for a dazzling jewel-embellished dress while attending star-studded events in LA

By [Dailymail.com Reporter](#) PUBLISHED: 04:12 GMT, 13 November 2017

With a successful career like hers, attending star-studded is just part of her job. And Diane Kruger was sure busy Sunday when she arrived at both the AFI Fest and the Variety Actors On Actors Awards in Los Angeles. The 41-year old actress showed up to both of the events in style, and even executed a stylish wardrobe change.

The long list of stars continued at the [9th Annual Governors Awards](#) on Saturday (November 11) in Hollywood, California. Here, a look at the rest of the glamorous ensembles that graced the red carpet.

Sarah Paulson: Channeling a gothic twist on glamour, Sarah showed off the darkly sophisticated side of Miu Miu with this embellished, bold-shoulder gown that was finished in similar mood with an oxblood lip and a Tyler Ellis clutch.

Margot Robbie In **Miu Miu** – Indie Contenders Roundtable

Margot Robbie joined **Diane Kruger** at the Indie Contenders Roundtable on Sunday (November 12) in Hollywood, California.

The actress gave her red plaid **Miu Miu** Spring 2018 dress a grunge undertone by layering it over a white tank top. Chunky black platforms added more edge.

I love how she made the look her own and how it contrasts the version seen on the runway. It also suits the darker mood she has been projecting with other ensembles lately.

The only thing that lets the outfit down slightly for me is that I wish the frock was shortened a few inches, like the original version.

Do you like the way she styled the dress?
