CHAROL. Un efecto reflejante se apodera de zapatos, pantalones y blusas, pero sobre todo de abrigos y vestidos. Estos últimos se presentan en sus facetas más clásicas o en versión mini y ultrasexy. A pesar de que la piel es el material invernal por excelencia, la función pasa a segundo plano y las prioridades cambian: ahora se trata de brillar. *Miu Miu*.

Chloe Grace Moretz In Miu Miu – ‘Suspiria’ LA Premiere

Chloe Grace Moretz joined [Dakota Johnson](#) for the LA premiere of ‘Suspiria’ held at ArcLight Cinerama Dome on Wednesday (October 24). The actress has never been afraid to take risks on the red carpet, the last 10 months have consistently proved that. The issue has always been, “can she pull them off?”

For the most part you haven’t believed so. So will this Miu Miu Resort 2019 gown see you have a change of heart?

I think this was a good idea in theory, but I feel like the feather trim – mostly because it was too close to her hair colour – didn’t work for me on this occasion. Beauty wise – as always – she looks flawless.

Claire Foy ditches usual clean cut look for edgy PVC trousers and trainers as she continues promo trail for *The Girl In The Spider's Web* in Berlin

By [KATIE STOREY FOR MAILONLINE](#) PUBLISHED: 14:12 GMT, 29 October 2018

She has been making an elegant appearance on the red carpet while attending premieres of her latest movie *The Girl In The Spider's Web*. But choosing to switch up her style, Claire Foy made an unusually casual appearance in [Berlin](#) on Monday while attending a photo-call for the film. She ditched her sophisticated gowns of late for a rather edgy getup that paired together chic PVC trousers and a striped tee.

Casually chic: Claire Foy made an unusually casual appearance in Berlin on Monday while attending a photo-call for the film. Claire - who is best known for taking on the role of Queen Elizabeth II in Netflix series *The Crown* - caught the eye with her dressed down look as she took centre stage at the event. She stepped out sporting a pair of statement PVC leather trousers that sat high on her waist, accentuating her slender frame, and were cropped at the ankle. They came complete with silver zip detailing at the front, with the actress tucking a knitted black and red patterned tee into the waistband. She accessorised with a pair of white trainers and added a simple gold pendant around her neck.

Zoe Kazan In Miu Miu – ‘The Ballad Of Buster Scruggs’ London Film Festival Premiere

Zoe Kazan attended the UK premiere of ‘The Ballad of Buster Scruggs’ during the 62nd BFI [London Film Festival](#) on Friday (October 12).

The actress wore pink silk Miu Miu pink gown which didn’t have any of the traits – such as the crystal embellishments – that have become signatures of the fashion house.

If I’m honest, I don’t like the gown.

Aside from the pretty colour and print, I don’t find the look flattering. Like at ALL. It feels like fabric was draped around her with no real idea in place.

I know some of you hold theories that she’s expecting baby number two, and if you weren’t, these pictures might just enable you to share that view.

Rita Ora In Miu Miu – Out In Los Angeles

Rita Ora made a stylish statement while out in LA on Wednesday (October 10), as she gears up for the release of her new album, 'Phoenix'.

Presenting a stylish play on texture, the singer looked sensational wearing a fun-loving Miu Miu Resort 2019 chiffon dress with an ostrich feather hem.

The part of this look which I thought was a bit overkill were the jewels.

I would've liked this look a lot more without them, as I'm never a fan of necklaces worn over a high neckline.

Kiki Layne Miu Miu – ‘If Beale Street Could Talk’ Mill Valley Film Festival Premiere

Following the [New York premiere](#), I was excited to see Kiki Layne back again so soon for the Mill Valley Film Festival premiere of ‘If Beale Street Could Talk’ on Sunday (October 14). When it comes to her red carpet style, it’s clear to see that dreamy gowns that epitomize modern femininity is very much her thing.

Her Miu Miu multi-colour gown was beautifully enhanced with embellished Swarovski crystals.

I love that she opted to further the elegance of the gown, by styling her look with silver Miu Miu sandals and jewels from EFFY and EF Collection.

Juliette Lewis In Miu Miu- HBO Series 'Camping' LA Premiere

Fresh from her trip to [Paris Fashion Week for Miu Miu's Spring 2019 show](#), Juliette Lewis was back on the red carpet for the Los Angeles premiere of the HBO series 'Camping' on Wednesday (October 10) in Hollywood, California.

Her timeless navy Miu Miu balances uncompromising quality with the brand's signature crystal embellished detailing, which in this case gives the dress plenty of personality to match the actress' joie de vivre.

The look was accessorized with diamond studs and silver sandals.
