Two for the Road

Blue eye shadow had settled in the dustbin of the eighties when a young Christina Ricci turned up in 1998's weird, winding *Buffalo '66*. Paired with a baby doll dress and glossy russet lips, her cornflower eye makeup gained newfound currency among grunge-era ingenues. Twenty years later, the runways signal a fresh wave of pastels—and again, the message is soft, not sweet. For Hugo's Berlin club kid-inspired collection this summer, makeup artist Thomas de Kluyver doled out pale-blue lids and brick lips, the off-kilter twist on crimson that's primed for a comeback; here, Sally Branka offers a road-tripping spin, as seen on model Maartje Verhoef. That juxtaposition—diffused color anchored by a rebellious mouth—is a nod to the way forward this fall: optimistic vision with a determination to speak one's mind.

PRADA

Described by Miuccia herself as "my little revenge on the art world, occupying the art space", Prada's AW18 show was a carnival of dissonant, dystopian dramatics: think fluorescent symbols, sci-fi trompe l'oeil and circling drones. As often with Prada, fashion is entwined with politics and performance art – padded nylon, rubber and enforced cotton are used as a visual statement on harassment against women. And this razor-sharp stiletto heel from the collection acts as a subtle metaphor for the dualities of the female experience.

¿Por QUÉ NO...?

Bolso grande de lona de PRADA (1.050 €) y papel Punchinello de COLE & SON en PEPE PEÑALVER (132,90 €).

LA BOLSA DE LA COMPRA

Llegó la hora de olvidarse del plástico a la manera BAZAAR.

Hace no tanto se encontraba remuneración por un casco de botella –el vidrio siempre fue mejor– y hace aún menos, quizá una década, el mundo de la moda daba su primer golpe sobre la mesa a través de un cotizado bolso que rezaba 'I'm not a plastic bag' –¿quién se acuerda?–. El supermercado ha subido un escalón 'eco' más olvidándose de las bolsas de plástico –poco a poco– y Prada posee la solución BAZAAR a la feliz situación: un *tote bag* de lona, logo saludable incluido, con el que hacer la compra se convertirá en un guiño a nuestro planeta. ■

LETOŠNÍ PODZIM JE VE **ZNAMENÍ FASHION IKON.**
INSPIRUJTE SE FUTURISMEM, ARMÁDOU I NESMRTELNÝM ROCKEM.

Podzimní přehlídku Prada v Miláně otvíraly drony, které se pohybovaly nad hlavami fashion influencerů v prvních řadách. To je nová futuristická Prada. Technická i sportovní! A módní

poselství je naprosto jasné: věci se pohybují rychle, proto je dobré si zabezpečit i chůzi na vysokých podpatcích. Budte připraveni! Jaké klasické ikony si letos vyberete do práce vy?

vulkán

Brutální, téměř pravěkou krásu břehů Islandu jsme propojili s aktuální kolekcí Prada Fall/Winter 2018, již dominují výrazné barevné detaily. Původně jsme si mysleli, že přírodní aranžmá poslouží jako tlumené pozadí, na němž outfity dobře vyniknou, živly ale projevily svou silu a hlásí se na fotografiích o své slovo.

1

Внимание всем гикам (а такие среди наших читателей должны быть, мы уверены): если, увидев название сумки, вы вспомнили о заклятой боевой подруге Сорвиголовы, то вы абсолютно правы.

2

Электра — дама в высшей степени непредсказуемая. Или, говоря языком комиксов: «свет и тьма борются в ней ежедневно». Как видите, это наглядно отражено в дизайне сумки.

3

Среди супергероинь Marvel Электра — одна из самых суровых (во всех смыслах). Сумка получилась соответствующая: лаконичная, с металлической фурнитурой агрессивного вида.

4

Смеем предположить, что по удобству и практичности Elektra не знает равных: наша супергероиня с такой сумкой на плече точно смогла бы перерезать пару сотен наемников.

접수했지만, 머리부터 발끝까지 형광색으로
취감는 건 여간 부담스러운 일이 아니다.
이 유행을 즐기는 가장 손쉬운 방법은 바로 가방을
이용하는 것이다. 이 중 프라다의 빅토트백은
화이트 셔츠나 데님 팬츠에 매치하기만 해도
모든 이의 시선을 집중시킬 것이다.
