You're in gladiatrix mode these days, which means wearing a leather-pleated skirt in broad daylight makes complete sense to you. But rather than appear like you're going to a cosplay party, soften the ass-kicking leather with a floral top, or in this case, a full mohair sweater that even Xena might approve.

# Natalie Portman Explains Why She and Her Children Are Vegan

Thursday.

The Jackie actress, 37, was dressed to the nines for the non-fiction debut, dazzling in a strapless polka dot Miu Miu frock with a tiered skirt and plenty of ruffles.

Dot's the ticket! Natalie Portman wowed in black and white polka dots during the premiere of her documentary Eating Animals in New York on Thursday

Natalie, who produced and narrated the movie, stunned in her monochrome look.

A ruched bodice, heart shaped neckline and ostrich feather detail at the Israel-born actress's cleavage put her delicate collarbone and smooth chest center stage.

## Matilda De Angelis

Così giovane e così premiata. A 22 anni questa attrice dal volto trasognato di adolescente ha già vinto un Nastro d'Argento nel 2016 per *Veloce come il vento*, con Stefano Accorsi, ed è candidata nel 2018 per l'interpretazione di *Proof*, la canzone tratta da *Il premio*, di Alessandro Gassman. Perché all'età di 11 anni a Bologna, dove è nata, studiava chitarra e violino, a 13 componeva canzoni e oggi ha fatto della sua voce una delle caratteristiche che la distinguono. La bellezza può essere molto, ma senza il talento si rivela poco più di una maschera.

## SCOLLATURA

È la prova che attende ogni attrice e ogni abito da sera. Non un dettaglio, ma un punto d'attrazione sul quale si misurano regole sempre rinnovate di stile. Questa, a sottoveste, è sorretta da sottili spalline bianche a contrasto che mantengono ben ferme e accostate le coppe.

## SANDALI

Il camoscio, opaco, dà consistenza alla forma. La forma modella il piede. Il piede, se appare troppo nudo, in città stona. Se i sandali-sandali devono essere riservati alla spiaggia, il sandalo metropolitano deve rispondere a regole precise. Come questi (tutto di Prada).

## RICAMI

Sono all-over, e così fitti da sembrare a colpo d'occhio uno stampato. Si tratta invece di un motivo grafico che potrebbe ricordare un intreccio di foglie curvate, in filo e paillettes nere. Preziosi, ma anche asciutti, secondo il gusto attuale della materia.

## Pom Klementieff In Miu Miu – ‘Damsel’ LA Premiere

Pom Klementieff joined Mia Wasikowska and Robert Pattinson for the premiere of Magnolia Pictures' 'Damsel' on Wednesday (June 13) in Hollywood, California.

The 'Avengers: Infinity War' star wore a Miu-Miu Automne 2018 look which would have turned heads thanks to the graphically charged pussy bow blouse.

I love how the look is kept elegant, fresh and modern with the scalloped hem skirt, and how she dared to play up the print with her makeup and earrings.

Were the earrings overkill for you?
