MICHAELA COEL

I May Destroy You

Michaela Coel spends much of her time writing yet rarely feels alone; "I always feel the presence of other people." Namely, the audience she's writing for. Coel's show *I May Destroy You* explores the personal and communal reverberations of trauma, and she's spent the pandemic getting to a calmer place in her own life: "There was an article I read that said, 'Put your hand on some area of your body and say, "In all fairness, I acknowledge how hard it is. This is a moment of suffering."'" —C.D.

ПРАВИЛА ПИТАНИЯ

У процедуры Linda Kristel Caviar в Клиническом институте эстетической медицины серьезная заявка на успех: первая скрипка в составе маски, сыворотки и крема — у нуклеопротеинов черной икры. Прописывают это полезное питание для комплексного омоложения: разглаживания мимических морщин, лифтинга, увлажнения и укрепления кожи. Также в программе пилинг с фитогормонами и еще две маски — очищающая, с вулканическими минералами, и нормализующая pH-баланс кожи, так что успеете отдохнуть и телом, и душой. Для стойкого эффекта рекомендуют курс из нескольких процедур. Но возможна и разовая акция, за сутки, а то и за двое до важного мероприятия: эффект Caviar нарастает несколько дней.
