Julia Garner In Miu Miu – ‘Ozark’ Season 2 Premiere

Julia Garner returned to the red carpet for the premiere Of Netflix's 'Ozark' Season 2 on Thursday (August 23) in Hollywood, California.

This LBD but wouldn't be a Miu Miu design without ultra feminine details and a hint of sparkle. I love how the look wants to be bad-ass with the detailed neckline, yet still manages to maintain a prim-poise.

The beautiful embellishments call for no jewelry at all, and the rest of the look was kept clean with slick back hair and simple pumps.

Nina Dobrev In Miu Miu -Despierta America

Nina Dobrev joined [Vanessa Hudgens](#) on 'Despierta America ' yesterday (August 2), to promote their latest film, 'Dog Days'.

Miu Miu is known for its fresh approach to ladylike dressing and this Spring 2018 dress certainly delivers on that front.

Its simple silhouette, airy macrame lace fabrication and relaxed fit exudes a summery feel, while Nina attempts to guide it down a more contemporary path with her gold block-heel sandals.

Chloe Sevigny oozes style in floral gown as she leads pack of stars at Skate Kitchen premiere in NYC

By ANNITA KATEE FOR DAILYMAIL.COM PUBLISHED: 03:32 BST, 8 August 2018

She's set to star across from Kristen Stewart in the lesbian murder film, *Lizzie*, But that didn't stop Chloë Sevigny from showing her support at the premiere of the teen drama *Skate Kitchen* in **New York** on Tuesday night. The 43-year-old opted for a maxi-dress for the event and was oozing with style.

Stunner: Chloë's black and white floral frock featured cap sleeves and a stylish neck tie. She accessorised with a white pair of shades and a small black carry purse. The part-time model had her signature blonde locks left out and styled into loose natural waves.

Dakota Fanning goes bra-free with skimpy white tank top in NYC as she models casual getup

By [HEIDI PARKER FOR DAILYMAIL.COM](#) PUBLISHED: 16:05 BST, 16 August 2018

Dakota Fanning wore a very casual look when in New York City on Thursday afternoon. The 24-year-old beauty - who has been filming *Once Upon A Time In Hollywood* with Leonardo DiCaprio and Brad Pitt in LA - went bra free with a very skimpy and nearly sheer white tank top. The sister of Maleficent star Elle Fanning also carried a cute red Miu Miu purse.

A woven bag is a summer accessory essential. Whimsical and so on-trend, they instantly elevate a look to new sartorial heights.

Dakota Fanning had us all envious when we spotted her out and about in this dreamy Miu Miu pick. Instantly recognisable as a luxe purchase (you can't miss that logo!) you're bound to get more than a few double takes when you take this out for a spin.

Love Dakota's bag? Well, you're in luck; it can still be shopped online. Just click right.

Alternatively, if - like us - you've spent all your money on the summer sales, we have you sorted with the edit of alternatives for less below. We're lusting over that boho Gap design, but would happily take all of them!

Berenice Bejo In **Miu Miu** – ‘La Quietud (The Quietitude)’ Venice Film Festival Photocall & Premiere

Berenice Bejo attended the ‘La Quietud (The Quietitude)’ photocall and premiere during the 2018 Venice Film Festival on Sunday (September 2) in Italy.

Photocall: In **Miu Miu**, her first outing was a standout shimmering appearance in gold and silver chevron sequins. I love the swing ‘60s vibe of the look which her blunt bangs enhance and given authenticity to the look.

Premiere: Once again retro in its psychedelic colours, and contemporary in its daring cut (and cutouts), Berenice definitely came to steal the spotlight at this festival in this **Miu Miu** creation.

Both looks were styled with Boucheron jewels.

*Elle Fanning In Miu Miu – ‘Galvetstone’
 Deauville American Film Festival Photocall &
 Premiere*

Elle Fanning attended the 'Galveston' photocall and premiere during the 2018 Deauville American Film Festival on Saturday (September 1) in France, and like **Berenice Bejo**, she solely opted for **Miu-Miu**.

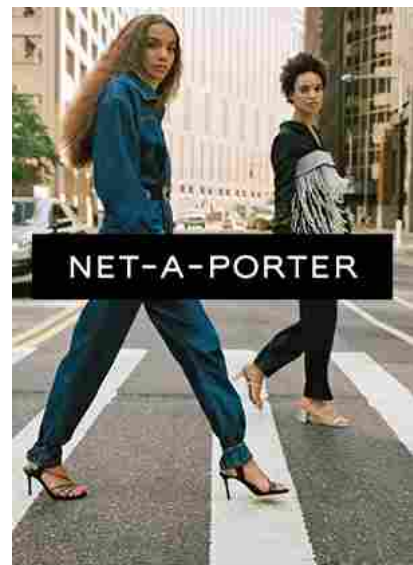

Photocall: Cemented in **Miu Miu's** playful aesthetic, I love how the scalloped trims soften the silhouette of this mini dress, while the **Miu Miu** sandals give the look a contemporary touch.

Premiere: A signature bow detail and V-shaped neckline, capture the youthful spirit of the Italian brand in this **Miu Miu** Resort 2019 gown. As Elle had worn cream for the photocall, I would've loved this dress in petal pink, however, when it comes to a modern princess fairytale, no one serves it better than Elle.

Elle Fanning (Foto: Getty Images)

Depois de **Emma Stone e folhas de ouro**, no último fim de semana foi a vez de **Elle Fanning** fazer todos suspirarem com seu penteado no **Festival de Cinema de Veneza**, para a pré-estreia de seu novo filme, **Galveston**, no sábado (01.09).

De longo **Miu Miu** com laço coberto de cristais enfeitando o recorte do vestido, a atriz finalizou o look com uma beleza bem delicada, em tons de rosa, mas o charme maior estava mesmo nos cabelos loiros de Elle, presos em uma maria-chiquinha arrematada por fitas de cetim azul, numa versão delicada, etérea e bem feminina do penteado, que raramente aparece no red carpet. Uma doçura.
