DIE LICHTER gehen aus. Grelle Scheinwerfer erhitzen die Bühne. Und der dumpfe Bass bringt die Konzerthalle zum Vibrieren. Euphorie und Ekstase der Fans liegen in der Luft. Ungeduldig wird auf den großen Auftritt gewartet. Und dann stehen sie da: die feurigen Wedge-Sandalen von Prada. So exzentrisch, energiegeladen und emanzipiert wie ein weiblicher Rockstar. In hypnotisierendes Neonpink getaucht, wippen sie auf den Brettern, die für den Moment die Welt bedeuten, zum Rhythmus. Dabei sind sie nicht nur die heiß ersehnten Stars des Abends, sondern auch ein einzigartiger Ego-Booster. Ein Paar für die Mutigen und Extravaganten. Mit unübersehbaren Flammen ein Symbol für die selbstbewusste Frau von morgen. Ein phänomenales Power-Piece. Und eigentlich fast zu heiß zum Tragen ... Aber nur eigentlich! P. K.

ARTIST

Maquilladores emblemáticos como Terry Barber o Gordon Espinet llevan varias temporadas vaticinando el regreso del *gloss* al maquillaje. Tanto los más jóvenes de la industria (Glossier, Fenty Beauty) como los más veteranos (Chanel, Dior) han tomado nota de la predicción y renuevan (o estrenan) su catálogo de brillos, formulados con aceites y menos pegajosos que en años anteriores. En la mirada, Gloss Volume y delineador Stylo Yeux Waterproof en tono negro. En los labios, brillo Rouge Allure en tono Énergie. Todo de Chanel. Vestido de organza con lazada y chaleco, ambos de Prada.

Hijos de los

La colección de Prada ha sido la encargada de poner la cultura 'rave' en el centro de la tendencia. No es la primera vez que Miuccia rinde tributo a la escena: la colección crucero 2017 de Miu Miu ya la homenajeaba. *De izda. a dcha.*, Jordan lleva camisa (850 €), jersey (730 €), pantalón (650 €) y calcetines (120 €), todo de Prada; sombrero de Eric Javits (285 € aprox.); y zapatos de Camper (185 €). Anya lleva vestido de tul (3.800 €), vestido de nylon (980 €) y botas, todo de Prada. Dallas lleva jersey (690 €), pantalones, sombrero, gafas y zapatos, todo de Prada. Imani lleva vestido (980 €), falda, sombrero, gafas, y calcetines (150 €), todo de Prada; y zapatos de Camper (165 €).

NOVENTA

Como si se tratara de una *improvisada pero muy estilosa 'rave'*, los colores neón, los pantalones técnicos, los estampados vistosos y las combinaciones audaces –pero de apariencia siempre casual– encuentran su mejor decorado en mitad del bosque. Una oda a la efervescente cultura de baile que remató el siglo XX y tiene por objetivo resaltar la individualidad y brillar (también) en la oscuridad.

Prada Linea Rossa, la ligne sportswear de Prada, originellement créée en 1997, était en sommeil depuis quelques années. La revoici aujourd'hui, plus futuriste, plus fonctionnelle, plus innovante (bonjour nanotechs et matières surnaturellement légères)... Bref, reboostée grâce au meilleur de la high-tech 2018.

Les "Mirage" de Prada

Par un simple jeu de logo, la collection réinterprète subtilement et rafraîchit l'esprit des icônes de la maison.

Par LÉA TRICHTER-PARIENTE
Photographie JULIA ANDRÉONE

Le célèbre triangle

Innovante et à la fois intemporelle, la ligne "Mirage", dévoilée lors du défilé automne-hiver 2018/2019, revisite l'emblématique logo Prada. Le célèbre triangle devient ainsi tridimensionnel et l'inscription de la marque bleu ciel est imprimée sur le côté avec une ligne bleue rappelant l'horizon et donnant l'impression d'un mirage.

Raffinés et fonctionnels

Déclinés dans différents modèles, principalement en cuir mais aussi en Nylon, les sacs de la ligne "Mirage" combinent raffinement et fonctionnalité. Parmi eux figurent le "Bauletto", le "Camera Case", le "Promenade" et le sac "Bowling", disponibles dans trois coloris uniques – noir, blanc et gris mercure.

La modernité pour toutes

Éléphants et décontractés, ils sont fabriqués artisanalement en Italie. Les modèles en peau se caractérisent par leur cuir de veau lisse et brillant, leurs bords francs, leur fermeture Zip dorée et leur anse détachable. Coup de cœur absolu pour le "Bauletto", sac phare de la maison, qui dans cette version convient aux femmes classiques en quête de twist et de modernité.

Descendre d'une lignée royale du cinéma pourrait en désabuser plus d'un, mais pour la scénariste, réalisatrice et photographe **GIA COPPOLA**, les liens familiaux ont joué le rôle d'un aiguillon qui l'a poussée à créer une œuvre toute personnelle.

LO QUE permanece

Complemento directo

Este otoño, los accesorios son fetiches que esconden mil símbolos y lecturas. Literatura visual (y en este caso, ilustrada) que va de la ciencia ficción al Romanticismo pasando por el Western ¿Quién quieres ser hoy al salir de casa? Ilustraciones: Álvar Alcalde Estilismo: Enrique Campos Por Leticia García

Un mundo feliz. La distopía (o al menos su vertiente cinematográfica) es el hilo conductor de muchas colecciones otoñales. La pregunta es si esta revisitación de la estética de la Guerra Fría es una respuesta natural a los tiempos convulsos o un mero *revival* melancólico sin más pretensiones. En esta página, arriba, bolso de **Prada** y zapatos de **Balenciaga**.

PVC deluxe. El plástico siempre ha sido un material popular y masivo, impropio de los objetos de lujo, asociados a calidades nobles, escasas y caras. Pero así es la moda, capaz de convertir lo más democrático y vulgar en un objeto de deseo. Y no por eso barato. SPLASH NEWS

Poppy's evergreen style is a hit in Milan

POPPY DELEVINGNE makes everyone green with envy as she dresses head to toe in Prada for the line's Spring Summer 2019 show at Milan Fashion Week.

The model-turned-actress, 32, wore a printed green suit, decorated with gold, black and brown stripes, which she paired with a roll-neck jumper. Poppy was joined by director Spike Lee and actress Freida Pinto.

Forget Influencers: Spike Lee Was the Coolest Front Row Guest at Prada

Full Text:

There were plenty of logo-bedecked bodies seated in inflatable chairs at tonight's Prada show in Milan, that's for sure. But taking a closer look past the sharply dressed influencers in neon and nylon, there was one very important guest watching the Spring 2019 collection come down the runway. Filmmaker Spike Lee attended with his wife Tonya Lewis Lee and instead of his signature New York Knicks hat, he wore an orange-and-black cap and a crisp Prada suit and shoes. Lee accessorized with a pair of bright orange socks, orange glasses, and some orange and purple necklaces and bangles. He lit up the front row with his inherent cool, just like he always does when he's seated courtside at a basketball game inside Madison Square Garden. He's never been afraid of color, and bold hues have long played a part in conveying his unmatched swagger.

The prolific director, writer, and producer of films like *Do the Right Thing* and *BlacKkKlansman* wasn't just there for the fashion either. Tomorrow, Lee will join fellow filmmaker Dee Rees and the artist Theaster Gates for

a conversation surrounding Gates's new show "The Black Image Corporation," which opened earlier this week at the Fondazione; a slew of films curated by Lee will also run there from tomorrow through Saturday. The marathon will include *Daughters of the Dust* by Julie Dash, *I Am Not Your Negro* by Raoul Peck, and *Moonlight* by Barry Jenkins, among others.

Lee wasn't in the front row to snap selfies or chase a million more likes, and that was wildly refreshing to see during fashion month. He was there to enjoy fashion, to watch, talk, listen, and create. And hey, if Mr. Lee can look good in his Prada suit while doing so, the more power to him.

Gigi Hadid Sports This Futuristic Sneaker Ahead of Milan Fashion Week

Full Text:

Despite Anwar's mismatched trainers (and fancy Goyard travel satchel), it was Gigi's futuristic shoes that captured attention.

The supermodel went for Prada's Cloudbust sneakers, recognized for their socklike construction and Velcro fastening straps. With breathable mesh, rubber trims and chunky soles, it's clear that Gigi chose both comfort and style before Fashion Week's hectic happenings.

Finishing the look, the 23-year-old beauty went for another futuristic accessory — that is, the Matrix-style sunglasses she's been sporting as of late. Keeping her hair tied at the back of her neck, Gigi allowed the collar of her sport sweater to pop, with a sequined turquoise-hued bag by Chanel hanging on her shoulder.

We are living through a righteous and radical moment in menswear history, which is just so much fun. Except for when you see 99 guys line up on the 2018 Emmy Awards red carpet in weird and wonderful tuxedos, and you know, for a fact, that your chances of being invited to a black-tie event in the near future are 1 in a 100. Then it's the sartorial equivalent of a noogie from your older brother. Damn him. Damn them. And yet, just try looking away from these teal suits and neon-orange cowboy boots and larger-than-life lapels. We dare you.

Prada flame sandals: what you need to know about fashionistas' latest obsession

Prada flame sandals are the latest fashion obsession. Our Instagram feed has been invaded in the latest weeks by celebrities and influencers' posts where they wear these amazing shoes at glamorous parties and at super cool front rows. But you know what? These shoes are actually archive pieces. Do you want to know the story behind these iconic Prada shoes? Stay tuned!

Prada flame sandals are Chiara Ferragni and Kendall Jenner's fave shoes

You should know very well how our dearest Chiara Ferragni is obsessed by Prada and by shoes. That's why she couldn't help but fell deeply in love with Prada flame sandals, that she wore in New York while she was filming her documentary (curious about her Atsuko Kudo look? You can find more details here). But Chiara she's not the only victim of this Prada madness: Kendall Jenner, as well, unveiled her newest addiction at Kylie's 21st birthday party. Chiara vs. Kendall, green against orange: which style do you prefer?

Miuccia Prada created Prada flame sandals for s/s 2012 collection

As said, we're talking about a true icon for Prada. Where did you see these shoes for the first time? We give you a little help: Miuccia Prada designed them for the spring-summer 2012 collection, inspired by the Fifties, USA atmospheres and automotive.

GIGI HADID AND BELLA HADID HAVE A CHIC SISTER MOMENT AT THE US OPEN

Their reaction to Serena Williams winning is everything.

SEP 06, 2018 12:47AM BY GRACE O'NEILL

It may not be Wimbledon, but the US Open does tend to draw an impressive crowd of A-listers. Newly engaged Priyanka Chopra and Nick Jonas made their public debut alongside in-laws Sophie Turner and Joe Jonas overnight—while supermodel sisters Gigi and Bella Hadid also sat courtside to watch Serena Williams quarter final match against Karolína Plíšková.

Gigi embraced the divisive bike shorts trend, pairing a Vivienne Westwood asymmetrical button down with white bike shorts, a Prada handbag and simple plaid slides.

Las hermanas acudieron juntas al US Open de tenis luciendo sendas camisas con unas características muy concretas: *oversize* y semi abotonadas en la zona superior para dejar al descubierto un hombro. No iban exactamente iguales, pero sí bastante coordinadas.

Por parte de Gigi, la rubia de las hermanas se decantó por una **camisa de dos colores diferentes de Vivienne Westwood**, siguiendo la **tendencia *half and half* o 50/50**, que conjugó con unas **mallas de ciclista blancas**, un **bolso también blanco de Prada** y unas **sandalias de pala a cuadros de Dear Frances**. The Kardashian-Jenners Are REALLY Trying to Bring Neon Back

by RACHEL ASCHENBRAND-ROBINSON September 5th, 2018

KENDALL JENNER CARRIES A NEON PRADA CLUTCH; IMAGE: GETTY

Love them or hate them, the **Kardashian-Jenners** are pretty much known for igniting trends (among other things). If Kim Kardashian, Kylie Jenner and company step out in a look, there's a good chance you'll see it emulated by more than a few celeb style stalkers, not to mention a slew of affordable retailers. This family can **move product** and influence retailers, perhaps more than anyone ever expected. And the latest look they're all cosigning? Neon brights.

No doubt the Kardashian-Jenners have been bolstered by the Fall 2018 collections where neons and **all things 80s** were strong. What makes this most recent trend revival so surprising is its timing: fluorescent hues come and go, but not typically this close to the start of fall. Day-Glo brights? They're a summer thing for sure. Or at least they used to be. Kylie has been rocking this throwback trend off and on for a while, but once Kim busted out of her all-neutral everything for Kylie's 21st birthday by donning a **hot pink stretch minidress**, all bets were officially off.

Since then, it feels like we've been seeing a parade of highlighter-hued pieces from America's most famous (reality TV) family. Kendall Jenner carried an electric orange **Prada** clutch to Kylie's birthday party. Kourtney Kardashian is
