## WELCOME TO THE ISSUE

It's always exciting at the start of a new season—a time to recharge your wardrobe and refresh your point of view. That's why we've packed this issue with the key looks, pieces, and advice you'll need to enjoy the very best in fashion and beauty for spring. It all starts with the color of the moment: From Aquarian jewels (page 256) to designer denim in indigo washes (page 262) and sublime gowns in watery tones (page 278), blue is the season's coolest—and hottest—hue. Sharp tailoring and dramatic silhouettes (page 234) and artful accessories (page 294) also take center stage, while our roundups of the latest and greatest hits in hair and makeup (page 204) and military- and safari-inspired must-haves (page 117) will help you get dressed and ready for action.

It's an issue—and a season—filled with new options, ideas, and opportunities. ■
